info

ALMOND GRAIN EXFOLIANT

Our meticulously chosen ingredients bring a natural exfoliation with a captivating smell. Our Almond Grain Exfoliant is mainly formulated with almonds for its soothing and softening properties, as well as its exfoliating powder. The horse chestnut activates blood flow to complete the action.

DETOX C+ TREATMENT

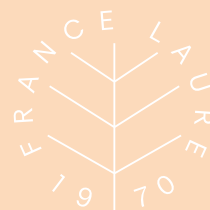

The most adapted treatment for an even and radiant skin !

Our products are primarily composed of A, C and E vitamins that reduce pigmentation and stimulate collagen production. Thanks to marine collagen, elastin and DNA, the skin also feels moisturized and firmed up.
